

Total Course Completion by Program Area

This takes the numbers from Table 8 and breaks those numbers down by AEBG Program Area. All the rules apply from Table 8: Total Enrollment, Participation and Course Completion. The student counts are now broken down within Program Areas.

Rules:

1. See Table 8: Total Enrollment, Participation and Course Completion for determining Enrollment, Participants and Completions
2. A course in ABE or ASE can be assigned to the ABE or ASE or the Elementary and Secondary Basic Skills course label. If you assigned the course to both ABE and Elementary and Secondary Basic Skills, you will get numbers in both. If only one of those categories, you will get results in just that category. So long as you report in at least one of the categories: ABE or ASE OR Elementary & Secondary, you are fine.

Total Course Completion by Program Area

Program Areas	Total Enrollment	Total Participants (12+ hrs)	Total Courses Completed	Completion Rate
Adult Basic Education				
Adult Secondary Education				
Adult Basic / Adult Secondary Education *				
English as a Second Language				
EL Civics				
Workforce (Re)Entry
