- With the A-Z / Z-A sorts you can determine the most or least number of enrollments in your sections, which sections have wait-listed students, which sections are closed, and grouping classes by teacher.
- To find a particular section, type in the section number in the “Find Partial #” field, “Find Whole #” or type in the course name. An arrow will point to the section requested.
- Open the section with the “Open” icon to add a new section, click on the “Open Form” icon at the bottom of the screen.
- Click on the “View All Sections” button to see sections from all Time Periods.
- The number of section records display at the bottom of the screen.
- “Room Usage” button allows you to type in a date range and a room to see all dates for the room, or a date to see all rooms occupied on that date.
